SHADE  LOVE

Installing Shade Love Roman Shades

Thanks for choosing Shade Love Roman Shades. Prior to installation, we recommend that you thoroughly review this manual. Should you require further assistance, please feel free to contact us at info@shade-love.com.

Gather your tools

Preparation

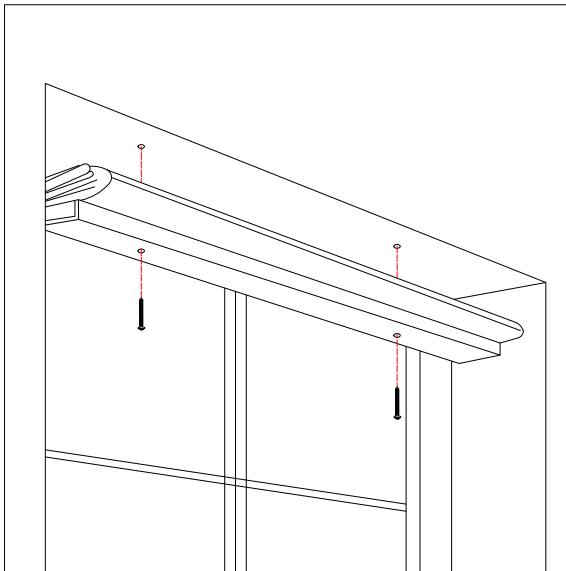

First, organize your hardware by window and confirm that all parts are present. Then, proceed to installation. We recommend that you read all the guidelines below that apply to your hardware before beginning installation.

Installation

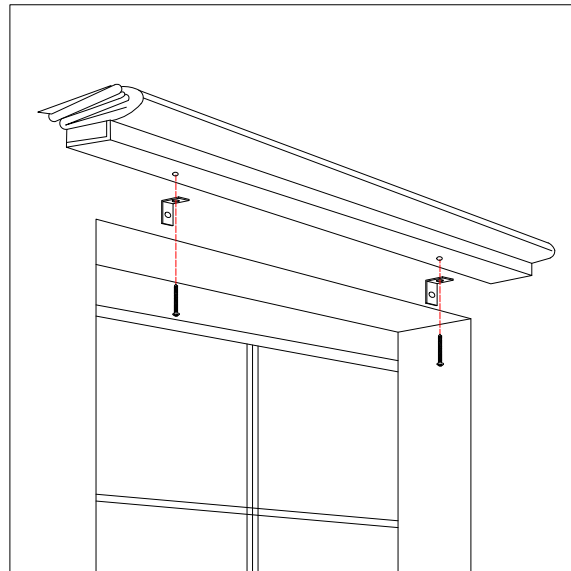

STEP 1 Determine desired mounting location for the shade

Place shade in desired location. Ensure that the headrail is centered horizontally.

INSIDE MOUNT

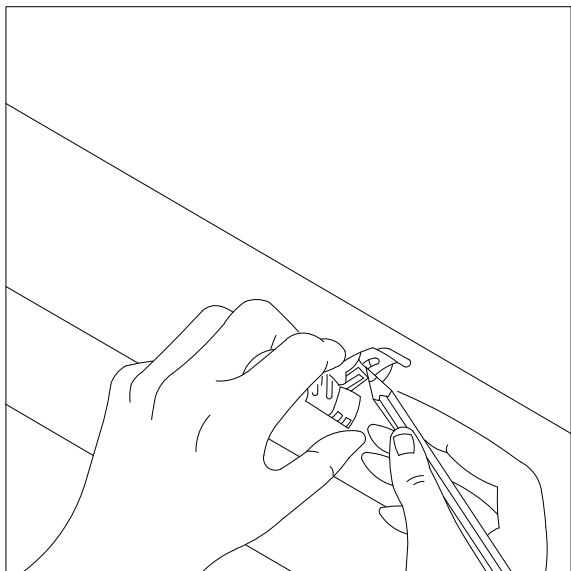

OUTSIDE MOUNT

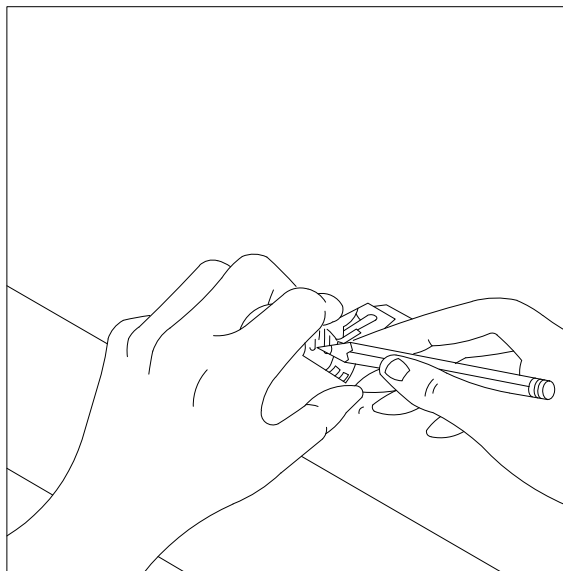

STEP 2 Locate mounting screw holes

Hold the shade securely and lift the valance to identify the brass-lined screw holes underneath the headrail. Space additional brackets evenly.

INSIDE MOUNT

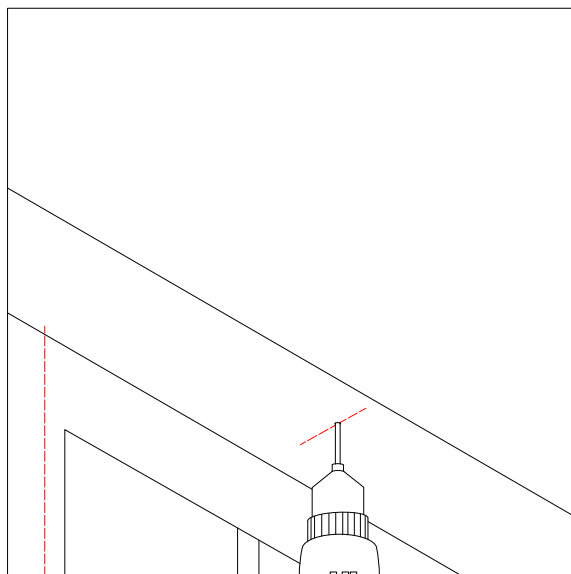

OUTSIDE MOUNT

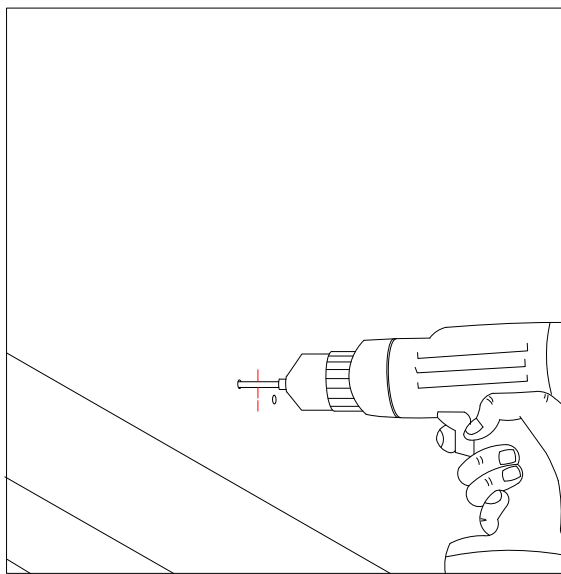

STEP 3 Drill the screw holes for mounting

Use a power drill to drill through the holes into the window frame based on the marks made in Step 2.

INSIDE MOUNT

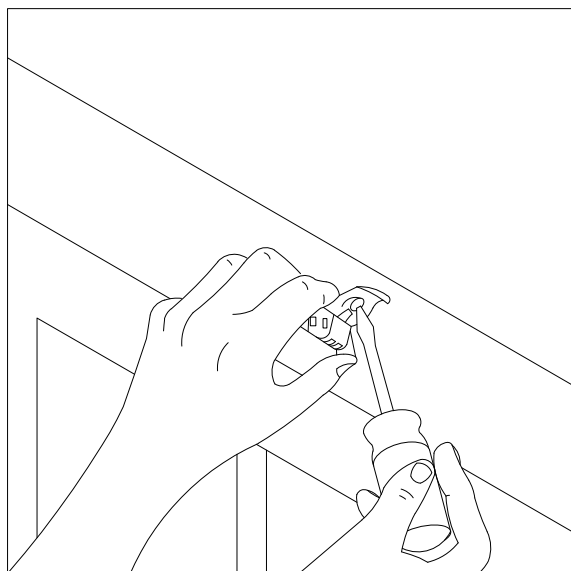

OUTSIDE MOUNT

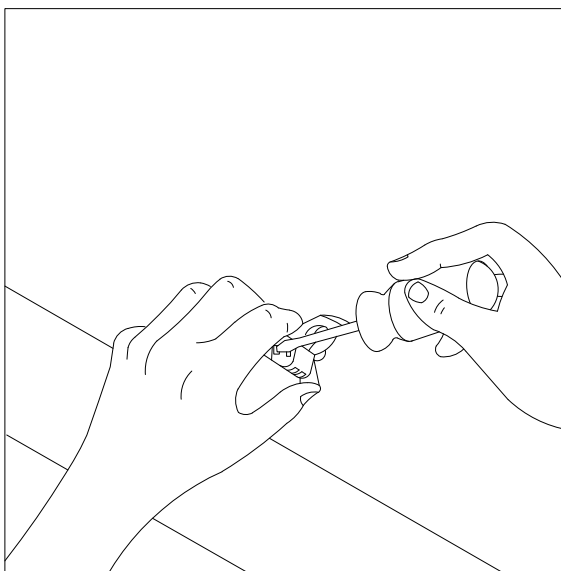

STEP 4 Fasten the brackets by screwing them into place until firmly attached

INSIDE MOUNT

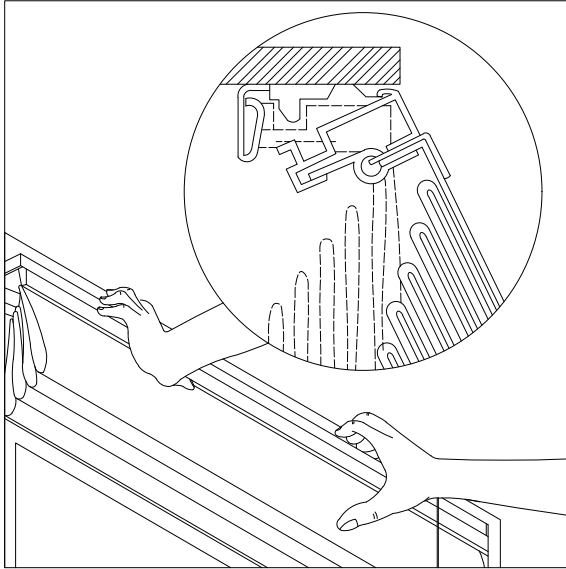

OUTSIDE MOUNT

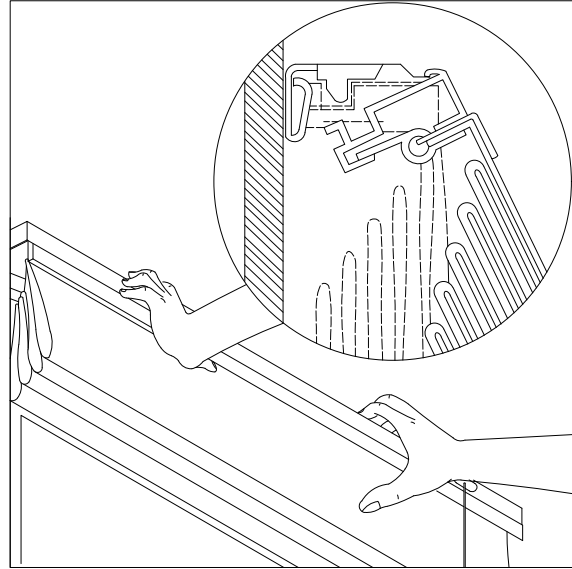

STEP 5 Securely affix the shade onto the window frame, ensuring proper alignment and stability

INSIDE MOUNT

OUTSIDE MOUNT

STEP 6 Install the tension safety device

For safety, we strongly recommend installing the tension safety device to keep the chain loop secured to the wall.
